

SALMAN KHURSHID

Data Analyst • Aspiring Data Scientist

salmanksd1@gmail.com | github.com/SalmanKhurshid13 | linkedin.com/in/imskhurshid | Patna, Bihar, India

SUMMARY

Computer Science student at IIT Patna with a strong interest in coding, problem-solving, and data-driven thinking. Builds full end-to-end projects — from data pipeline and model to deployed web app — spanning data analysis, machine learning, and applied AI. Open to internships, projects, and collaborations.

EDUCATION

B.Sc (Hons), Computer Science & Data Analytics

2025 – 2028

Indian Institute of Technology, Patna

PROJECTS

Healthyzer — Symptom-based Health Condition Predictor

- Built a Flask web app that predicts likely health conditions from self-reported symptoms using a Random Forest classifier, covering 15 symptoms across 9 conditions.
- Owned the full pipeline solo: synthetic dataset generation, model training & evaluation, Flask backend, and deployment.
- Academic project, not a diagnostic tool. healthyzer-app.vercel.app

Saathi — Free AI Hindi Tutor for School Students

Kaggle AI Agents Capstone 2026

- Built an AI agent that answers student questions in Hindi with a simple explanation and a follow-up quiz, using Google ADK and Groq AI.
- Designed and shipped the agent workflow end-to-end as a capstone submission for Kaggle's AI Agents Capstone 2026. mysaathi-app.vercel.app · [GitHub](https://github.com)

SKILLS

Programming & Analysis: Python, Data Structures & Algorithms, Problem Solving, Data Analysis

AI/ML & Data Science: Machine Learning (Random Forest), AI Agents (Google ADK, Groq AI), Generative AI, Prompt Engineering

Tools & Frameworks: Flask, Git/GitHub, Vercel

Other: Leadership, Technology, Business & Communication Fundamentals

CERTIFICATIONS

- GenAI Powered Data Analytics Job Simulation — Tata, via Forage (Jun 2026)
- Data Analytics Job Simulation — Deloitte, via Forage (Jun 2026)
- Build & Deploy AI Apps with Google AI Studio: Multilingual AI Speech App Development — GUVI × HCL (Jun 2026)
- ChatGPT for Everyone: Generative AI & Prompt Engineering — GUVI × HCL (Jun 2026)
- Machine Learning — Tutedude (Jun 2026)
- Career Edge – Young Professional — TCS iON (Jun–Jul 2026)
- Python & Python Coder Badge — Kaggle (Jun 2026)
